BEFORE USING THIS PRODUCT READ ALL PRECAUTIONS, DIRECTIONS FOR USE AND CONDITIONS OF SALE.

FIRST AID

Have the product container with you when calling a poison control center or doctor, or going for treatment.
EYE CONTACT - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do then continue rinsing. If eye irritation persists: Get medical advice or attention.
SKIN CONTACT - IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash it before reuse. Wash with plenty of soap and water for several minutes. Call a poison center, doctor, chemical manufacturer, importer, or distributor to specify the appropriate source of emergency medical advice. If skin irritation occurs: Get medical advice or attention.

INGESTION - IF SWALLOWED: Unless advised otherwise by a poison control center or doctor, have person rinse mouth with water, if able. Do not give anything by mouth to an unconscious person. Call a poison center, doctor, chemical manufacturer, importer, or distributor to specify the appropriate source of emergency medical advice if you feel unwell.

INHALATION - IF INHALED: If breathing is difficult, remove person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth to mouth if possible.

Net Contents: 2.5 Gallons (9.46 L)

WARNING: KEEP OUT OF REACH OF CHILDREN

AquaFUZE

GENERAL INFORMATION

CITRIWET Is a by-product from the citrus industry. Improves wetting, penetration and activation of herbicides on grass, broadleaf and woody plant species. Is a highly effective spray adjuvant designed to increase the effectiveness of pesticides.

DIRECTIONS FOR USE

Type of Application	Per 100 Gallons	
Rights-of-Way	1 pint - 2 quarts	(0.5 - 2 liters)
Forest Site Preparation	1 pint - 2 quarts	(0.5 - 2 liters)
Aquatic - Surface Submerged	1 pint - 2 quarts 1 - 2 gallons	(0.5 - 2 liters) (4 to 8 liters)
Agriculture and Citrus	1 - 2 pints	(0.5 - 1 liter)
Turf and Ornamentals	1 - 2 teaspoons per gallon or 1 - 2 ounces per 5 gallons	(5 - 10 milliliters per 4 liters) (30 - 60 milliliters per 20 liters)

NOTE: Due to variations in applications types and weather conditions, rates of CITRIWET may be increased or decreased. CITRIWET may also reduce herbicide selectivity in conifer release. Concentrated dilutions of 15% or more may cause defoliation or burn to vegetation. Always follow herbicide label recommendations.

STORAGE AND DISPOSAL

STORAGE: Store in a cool well-ventilated place. Use explosion-proof electrical, ventilating, lighting equipment. Keep in original container tightly closed. Do not reuse empty container. Do not store with food, feed, or other material to be used or consumed by humans or animals. Do not contaminate water supplies. For optimal storage, store between 40° and 90° F.

DISPOSAL: Do not contaminate water, food or feed by storage or disposal. Dispose of contents in container to an approved waste disposal facility in accordance with all federal, state and local regulations. Triple rinse (or equivalent) adding rinse water to application tank. Offer container for recycling or dispose of in a sanitary landfill or by other procedures approved by local regulations. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org.

CONDITIONS OF SALE

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to the seller, and buyer assumes the risk or any such use.
